**BRINKMANN**  
ROOFING COMPANY

## THE INSIDE STORY

**Jack Berridge**  
Chairman  
of the Board

When the number one residential roofing company in the state of Texas picks Berridge as its choice of architectural metal roofing suppliers, that says something about our products and service. We are very proud and honored to be affiliated with Brinkmann Roofing Company and BRC Sheet Metal. Since their entry into metal roofing just three and a half years ago, Mike Brinkmann and his team at BRC Sheet Metal have become one of Texas' largest sheet metal and roofing companies and they have loftier goals in mind.

As the projects in this issue of BYLINE clearly demonstrate, Brinkmann Roofing / BRC Sheet Metal take a great deal of pride in what they do and they are capable of handling even the most demanding project. Brinkmann's leadership and track record in the residential roofing market indicates that this company is destined to become a leader in residential metal roofing in the state of Texas and Berridge looks forward to partnering with them to help make it happen.

Jack. A. Berridge  
Chairman of the Board

## Brinkmann Roofing: A Proven Leader in Both Residential and Commercial Roofing

L-R: J.C. Haigh, Vice President, BRC Sheet Metal; Mike Brinkmann, President, Brinkmann Roofing; and Gene Lessman Vice-President, BRC Sheet Metal.

**B**rinkmann Roofing Company has been active in commercial and residential roofing since the company was founded in 1971 by Mike Brinkmann. Since that time, Brinkmann Roofing has grown to be the largest residential roofing company in the state of Texas and the eighteenth largest in the nation. The fastest growing segment of Brinkmann's commercial roofing market is metal roofing.

In 1998, BRC Sheet Metal, a sister company of Brinkmann Roofing was established by Mike Brinkmann, J.C. Haigh and Gene Lessman -- a strategic move which brought more than forty years of combined metal experience together. Over the past four and a half years, BRC sales have doubled each year and this growth trend is expected to accelerate when BRC partners with roofing

**"...the ability to form unlimited length panels with no endlaps puts us out front of our competition: we recently completed a job which had 112' long panels!"**

companies throughout Texas to market metal roofing products during the next year.

## PHOTO CAPTIONS:

**Top:** Berridge Regional Sales Manager Mark Tice (second from Left) the Berridge "Customer of Distinction Award for 2002" to Mike Brinkmann (second from right); Gene Lessman (left) and J.C. Haigh (right).

**Top Right:** Brinkmann Roofing/BRC Sheet Metal Sales and Project Management Team Members: Front (L-R): Chuck Young; Jason Brinkmann; Mark Hicks. Standing (L-R): Gene Lessman; Tim Legg; James Aldridge; Joe Byrd, Lewis Powell

**Right Middle:** The BRC Sheet Metal Crew: (L-R): Concepcion Garcia; Ignacio Garcia, Chris Lessman and Eugene Lessman.

**Right Bottom:** The Brinkmann Administrative Team (L-R): Debbie Phillips; Melissa Nix and Jennieffer Bolin.

Gene Lessman, Vice President of BRC Sheet Metal division of Brinkmann Roofing identified two main factors in the rapid growth of sales of Berridge Metal Roofing products: Quality and Service. Regarding Berridge's ability to offer continuous-length standing seam panels with no endlaps, Lessman states: "...the ability to form unlimited length panels with no endlaps puts us out front of our competition: we recently completed a job which had 112' long panels!"

BRC Sheet Metal division of Brinkmann Roofing Company operates its own sheet metal shop which is equipped with a computer-driven Schectel Brake and Shear as well as several other brake machines, spot welders, shears, slitters and Pexto crimping machines. The company currently owns a Berridge Model SS-14 Portable Roll Former and leases other models as needed.

Based on Brinkmann Roofing's aggressive marketing plans and uncompromising commitment to customer service, BRC Sheet Metal will be in the topmost echelon of Texas' metal roofing companies within the next two years.
