SPECIFICATIONS

Mounted on heavy duty 4-wheel table

Width: 35" **Length:** 135" **Height:** 51"

Weight: 2015 lbs with shipping cover

1. 1-1/2 HP electric motor - 110V single-phase current
2. Operates at 30' per minute
3. Built-in uncoiler (up to 2000 lb coil)
4. Uncoiler for optional vinyl weatherseal
5. Vinyl weatherseal guide tube & applicator
6. Stainless steel, heat-treated, hardened rollers
7. Unique side production for ease of operation
8. Mechanical cut-off die
9. Accurate-length gauge (computer optional)
10. Continuous-length panels, based on coil size
11. All sealed bearings
12. Coil handling apparatus included

The Berridge Model BP-14 Portable Roll-Former forms the Berridge Bermuda Roof Panel, a horizontal, continuous-length panel with an 11" exposure and a 1" thick panel profile. An optional, patented vinyl weatherseal is mechanically applied to the male leg of the panel during the roll-forming process.
