

Berridge FW-1025 & FW-12 Panels

WALL, SOFFIT, CEILING, AND FASCIA PANEL SYSTEM

The Berridge FW-1025 and FW-12 Panels can be installed on wall, soffit and liner applications. The prefinished metal wall panels can be used over open framing or with solid sheathing. Additionally, the panel can be ordered smooth, with vee-grooves, striated, vented or with a stucco texture thus allowing for countless design options.
