

Berridge Fluted Fascia

SPECIALTY APPLICATION SYSTEM

The Berridge Fluted Fascia panel provides a fluted texture for large, expansive walls, fascia, or steep mansards. The interlocking feature increases wind resistance and allows for multiple applications.

Materials

24 Gauge Steel

Specifications

Uses: Walls, Fascia, Steep Mansards

Coverage: 34½" wide and 10" tall

Finishes: Fluted

Fasteners: Concealed

Applications: Horizontal over solid wood sheathing

Installation

- Panel is available from the factory in full square quantities of 42 panels per square. Panel must be ordered in full square quantities.
- Install horizontally from the top left of wall working down and right.
- Mansards must be 45° or more.
